Things Decidedly

NEW**When Sharks Are Good-looking**

There's one time in a shark's life when it is attractive and that is when his skin makes the handle of one of the new umbrellas! They are silk umbrellas with broad satin borders, and silk cases. Tips and stubs to match. 10.50

Street Floor

**Telling Secrets**

Pierrot, the white-faced, is evidently about to tell the secrets of his complexion to fair ladies. At least he takes his latest stand on the top of a very fluffy powder puff. It comes in a gay box with transparent top. 95c.

Street Floor

**Very Covert!**

When the new French blouse combines with tan covert cloth to make a suit the result is all one could wish in smartness. A fine beaver fur makes the collar. An original new cable stitching makes two original hems—one on the blouse and one on the circular skirt. 69.50

Smartness and Warmth

It is quite enough that this satin-striped chignon negligee with white marabou fur collar is a thing of beauty. But its heavy crepe de Chine lining—of contrasting color—makes it comfortably warm as well. In rose, or various shades. 24.50

**Big Berthas for Little Girls**

The season's big berthas is never more picturesque than when it collars the frock of the very small girl. We show it here in white chiffon and lace, worn over a black velvet dress. Braided grosgrain ribbon makes the sash. 24.75

Presenting for Thursday Only—An Entirely New Group of

Misses' Smart Frocks

of Poiret Twill—Regularly 39.50

Special, 22.50

They feature those favored silhouettes of youth—the picturesque basque, the coat version that is the adored of Paris cloth frocks, and the straight line frock that has found a firm place in the mode.

To the left of the group is a very smart version of the coat mode, closing at the left with a decorative buckle. Double panels hang from each side, and the whole frock is adorned with embroidery that is in characteristic good taste.

To the right is an enchantingly youthful model, straight of line, with colorful red embroidery that betrays its Egyptian origin. The sleeves and panels are lined with crepe de Chine, giving unity to the whole design. Sizes 14 to 20 years

For WOMEN

meet Thursday on the common ground of economy and smartness

At 75.00

Duvet de laine is responsible for much of the charm of these delightful suits—silk and embroidery for the rest. The frock of self-colored silk is almost covered with embroidery. The coat is embroidered, too, and further adorned with nutria. The ensemble is quite as harmonious as one could wish for. In Malay, marten, navy and black.

Youth is typified in these good-looking suits—the coat blousing smartly above the hips, and held there by a wide band. Monkey fur adds to its youthful air, and gives a touch of Paris chic. The frock decides on a silken top, prettily embroidered around neck and sleeves.
